MentalRoBERTa (orig) → predicted: severe

Started a new antidepressant last month and my therapist thinks it is helping, but I still cannot sleep, I feel exhausted all day and nothing seems worth the effort anymore.

MentalRoBERTa (mask-topic) → predicted: severe

Started a new antidepressant last month and my therapist thinks it is helping, but I still cannot sleep, I feel exhausted all day and nothing seems worth the effort anymore.

Constructed example sentence (not from any dataset). Red: supports the predicted class; blue: against. Integrated Gradients, scaled per model.
